

Scope of the service

10101.art (the "Service", "Platform", "Marketplace") is an online Platform that allows registered users (the "User") to purchase, collect and exchange art pieces (the "Collectible") and the corresponding blockchain-based token ("NFT", "token"). The Service is available at <https://10101.art> (the "Website") and allows users to buy, transfer, sell or exchange artifacts both within the Service and from third parties.

The Company 10101 MARKETPLACE - FZCO (referred to as "us" or "we") is the owner and operator of the Marketplace and maintains the <https://10101.art> Website. By using the Service you expressly agree to be bound by these Terms and Conditions, The Co-ownership agreement, and our Privacy Policy and to follow these Terms and Conditions and all applicable laws and regulations governing use of the Service.

The NFTs are unique and non-fungible crypto-assets that can be traded on the marketplace and be accumulated speculatively, they are not readily interchangeable and the relative value of one such crypto-asset in relation to another, each being unique, cannot be ascertained by means of comparison to an existing market or equivalent asset. Such features limit the extent to which those crypto-assets can have a financial use, thus limiting risks to holders and the financial system. Due to the unique feature of NFTs, the collectibles are excluded from financial instruments regulations and are not considered as security neither the investment instrument.

We reserve the right to change the Terms and Conditions at any time. Such changes, modifications, additions, or deletions shall be effective immediately upon notice thereof, which may be given by means including, but not limited, posting the revised Terms and Conditions on this page. Any use of the above terminology or other words in the singular, plural, capitalisation and/or he/she or they, are taken as interchangeable and therefore as referring to the same.

Third-Party Sites and Products

We may include links to third-party sites or services, or information about third-party products or services. You should review the terms of use and privacy policies of all sites and services that you link to from, or are referred to by, our Service. We do not endorse or take responsibility for these third-party offerings, whose service terms and policies may differ from ours. postings or communications of other users. Even if any of these third parties is introduced as, or refers to itself as, a partner or sponsored service, Marketplace has no responsibility or liability for their conduct, products, or services.

Accessing the Service

Like much of web3, your blockchain address functions as your identity on the Marketplace. Accordingly, you will need a blockchain address and a third-party Wallet to access the Service. Your account on the service ("Account") will be associated with your blockchain address.

Your Account on Marketplace will be associated with your linked blockchain address and display the NFTs for that blockchain address (the "Wallet") (and, if applicable, any content associated with such NFTs). By using your Wallet in connection with the Service, you agree that you are using that Wallet under the terms and conditions of the applicable provider of the Wallet. Wallets are not operated by, maintained by, or affiliated with Marketplace, and Marketplace does not have custody or control over the contents of your Wallet and has no ability to retrieve or transfer its contents. Marketplace accepts no responsibility for, or liability to you, in connection with your use of a Wallet and makes no representations or warranties regarding how the Service will operate with any specific Wallet. You are solely responsible for keeping your Wallet secure and you should never share your Wallet credentials or seed phrase with anyone. If you discover an issue related to your Wallet, please contact your Wallet provider. Likewise, you are solely responsible for your Account and any associated Wallet and we are not liable for any acts or omissions by you in connection with your Account or as a result of your Account or Wallet being compromised. You agree to immediately notify us if you discover or otherwise suspect any security issues related to the Service or your Account.

Marketplace may require you to provide additional information and documents in certain circumstances, such as at the request of any government authority, as any applicable law or regulation dictates, or to investigate a potential violation of these T&Cs. In such cases, Marketplace, in its sole discretion, may disable your Account and block your ability to access the Service until such additional information and documents are processed by Marketplace. If you do not provide complete and accurate information in

response to such a request, Marketplace may refuse to restore your access to the Service.

Your access and use of the Service may be interrupted from time to time for any of several reasons, including, without limitation, the malfunction of equipment, periodic updating, maintenance, or repair of the Service or other actions that Marketplace, in its sole discretion, may elect to take.

We require all users to be at least 18 years old. If you are at least 13 years old but under 18 years old, you may only use Marketplace through a parent or guardian's Account and with their approval and oversight. That account holder is responsible for your actions using the Account. It is prohibited to use our Service if you are under 13 years old.

You authorize us to make inquiries, whether directly or through third parties, that we consider necessary to verify your identity or to protect you and us against fraud or financial crime, and to take action we reasonably deem necessary based on the results of inquiries. When we carry out these inquiries, you acknowledge and agree that your personal information may be disclosed to reference and fraud prevention or financial crime agencies and that these agencies may respond to our inquiries in full.

The Service provides each User with the ability to connect an external Wallet to ensure the conservation and the use of the Collectible and cryptocurrency within the Service.

Users are free to use the Wallet to execute transactions within the Service. They may credit or debit the Wallet with his/her own cryptocurrency and Collectibles at any point in time, within the limits defined by the Service.

The Service should not be held liable for any technical default, hacking or loss of the data stored on the Wallet.

The Company is not responsible for the accuracy of any Art Object displayed on the Website and disclaims all liability in this regard. The quality of the published images, illustrations and videos, including color

variation, as shown on the Website will depend on many factors, including User's display settings and software.

Operation of the Platform

10101.art provides you with the ability to sell, buy, bid, collect, exchange, display and otherwise transact certain digital media and works of art including real world art objects ("NFT") that can be represented as non-fungible tokens on blockchain. We facilitate transactions between an NFT buyer and seller on the secondary market, , as well as the ability to purchase NFT of Platforms collections. We collect revenue on the Marketplace in the form of transaction fees and other applicable fees, which we display when you interact with the Marketplace, as well as the full cost of the initial sale. The Company reserves the right to make the final decisions on any disputes arising from purchases through the Marketplace, including in connection with any auctions or other purchase methods.

MARKETPLACE

Marketplace publishes online and offers on sale tokens issued/owned by international third-party suppliers (such as art galleries, art collectors, foundations etc.). Marketplace obtains rights in respect of reproduction and resale rights. The curatorial team selects the Art Object to be sold after due diligence, checking they respect the market and aesthetic criteria, in addition to provenance and originality requirements. Once the Art Object has been selected, it will be split into tokens and each token will be associated with a smart contract in the form of NFT, using the Ethereum blockchain.

The purchase

Users may purchase tokens listed on the Website directly online. User acknowledges that prices may include VAT, if any, for which User is responsible. Users are able to pay using cryptocurrencies.

The user's order to purchase tokens published on the Website constitutes a mere offer to purchase. The User interested in the purchase of tokens displayed on the Marketplace Website, accepts the Terms of sale and the Co-ownership agreement related to a particular Art Object. The purchase of

tokens published on the Website are subject to the condition that the payment has been received. Conclusion of Sales contracts between the User and the third party supplier requires the User to open a Wallet on the Marketplace's Website and the selection of the tokens(s) that the User wishes to purchase and the submission of the format for the purchase order by clicking on "Buy" page on the Website. After sending the purchase order and confirming it in the User Wallet, the User will receive the token(s), in the form of NFT, certifying ownership, in the User address in blockchain from what the payment was made and shown on the page 'My Collection' on the Website.

The enquiry is considered successful if: i) the entire purchase procedure has been duly completed without any error messages from the Website or in a Wallet; ii) the User has received the NFT (s) attesting ownership shown in their address in blockchain.

All details of the purchase order are available also on the User's Account.

The user is responsible for reviewing all relevant information available on the Service before buying any token.

To complete the purchase, the User must click "Buy"; the wallet will needed to be opened from which the User can complete the purchase, after having attentively verified the information in the Terms of sale and in the Co-ownership agreement, where the information regarding the co-ownership is detailed. The User may be asked to fill a registration form before proceeding to the payment. All the information provided will be stored and used as specified in Marketplace's Privacy policy. After sending the purchase order, the User will receive the token(s) in the form of NFT shown in their Wallet, where the metadata (contract, etc) connected to the Art Object can be found. Co-ownership agreement, certificate of authenticity can be found in the User Account on the Website. The order is placed by the confirmation of the same, and is subject to payment of the price, taxes and eventual further payment fees.

The electronic submission of the offer to purchase creates for the User the agreement to pay the price specified therein.

Cancellation of orders

Marketplace reserves the right to cancel any order for a token placed via the Website and Services if Marketplace determines, in their sole discretion, that the item is mispriced, out of stock, discontinued, or otherwise unavailable at the price listed via the Website and Service. If Marketplace cancels an order placed via the Website, Marketplace will inform a User via available methods including Website social media.

Users rights of withdrawal

Because the purchase is blockchain-linked and authenticated by an NFT smart contract, users cannot cancel the purchase after the payment has been sent.

Marketplace liability

Marketplace won't be responsible to Users or third parties for any loss of profit, revenue, anticipated savings, business, or other intangible losses, or any other indirect, incidental, exemplary, punitive, special or consequential damages, arising out of or in connection with: i) these Terms and Conditions; ii) the Service provided by Marketplace; iii) the use of or inability to use the Service.

Marketplace will not be responsible for incomplete, incorrect or inaccurate data or information published on the Website as well as for any technical fault or manifest error. Marketplace won't be either responsible for any information or data independently acquired by the User from the third-party suppliers. Please note that, when Marketplace contacts the third-party supplier about a purchase enquiry, Marketplace has no liability in case the requested Art Object is no more available at the time of the enquiry. Marketplace is not liable for the art certificates or any other document attached to the Art Object.

Furthermore, the third-party supplier is solely responsible to provide the User with the certificate that proves the authenticity of the art piece/s bought by the User and/or any other equivalent document established by the applicable law.

Marketplace will not be responsible for any damage due to interruption of the Service provided through the Website and resulting from any malfunctions, breakdowns delays of access to the internet or defect in any reception

equipment or line of communication not under Marketplace's control or due to software and tools used by the User who connects to the Website.

The price payable by the User for the token(s) is the price given by the Website at the time the User places the purchase order and includes VAT, if applicable. Each party will be responsible for complying with any and all obligations imposed on it under applicable law with respect to the collection and payment of any Taxes. Each party will cooperate with the other party, and furnish the other party with any customary written documentation or forms required under applicable law to enable the other party to comply with such obligations or to exercise any rights available under applicable law to minimize or to qualify for an exemption from any such obligations. Users claiming exemption from any tax are responsible for providing proper documentation. Any delay in obtaining or failure to obtain any relevant documentation or a refund of any tax will not justify the cancellation of any sale or any delay in paying the Total Purchase Price by the Payment Deadline. Unless expressly otherwise indicated, all prices listed on the Services are exclusive of taxes, and applicable taxes may be collected from the User in addition to any listed price.

Refunds

Indemnity

You agree to indemnify Marketplace, our affiliates and service providers, and each of our and their respective officers, directors, agents, employees and

representatives, in respect of any costs (including legal fees and any fines, fees or penalties imposed by any regulatory or governmental authority) that have been incurred in connection with any claims, demands or damages arising out of or related to your breach and/or our enforcement of these T&Cs (and any other agreements entered with you) or your violation of any law, rule, regulation or rights of any third party.

No Waiver

The failure of the Marketplace to exercise or enforce any right, remedy or provision of these Terms of Use does not constitute a waiver of such right, remedy or provision and shall not be construed as a waiver.

Termination

If you breach any of the provisions of these T&Cs, all licenses granted by Marketplace will terminate automatically. Additionally, notwithstanding anything contained in these T&Cs, we reserve the right, with or without notice and in our sole discretion, to suspend, disable, terminate, or delete your Account and/or your ability to access or use the Service (or any part of the foregoing) at any time and for any or no reason, and you acknowledge and agree that we shall have no liability or obligation to you in such event and that you will not be entitled to a refund of any amounts that you have already paid to us.

Severability

If any provision of these T&Cs (or other agreement) is found to be unlawful, invalid or otherwise unenforceable, that provision is deemed to be severed from the T&Cs (or other agreement) and shall not affect the validity and enforceability of the remaining T&Cs (or other agreement) which shall continue in full force and effect.

Color

You understand and agree that Marketplace uses commercially reasonable efforts to display the colors of Art Objects, Digital Works and Printed Works accurately via the Service. accuracy of any Original Works of Art, Digital Works or Printed Works displayed on the Services, and disclaims all liability in this regard.

We do not control purchases or sales of NFTs outside of the Marketplace. We expressly deny and disclaim any liability to you and deny any obligation to indemnify you or hold you harmless for any losses you may incur by transacting, or facilitating transactions, in NFTs outside of the Marketplace.
